STATE AUDIT

An audit of the Town's Accounts for the period from May 15, 1940, to March 20, 1943, has been made by the State Accounting Department under the direction of Mr. Herbert B. Dine, Assistant Director of Accounts.

Records of the financial transactions of the various departments were examined, checked and verified.

Attention was called to the provisions of Section 108, Chapter 41, of the General Laws requiring that compensation of all elected officers be fixed by vote of the Town, and also to Chapter 179 of the Acts of 1941 relative to the payment of unpaid bills of a prior year. It was recommended that a determined effort be made to secure settlement of outstanding taxes, some of which were levied as far back as 1936.

BOARD OF HEALTH

The Board of Health respectfully submits the following report for the year ending December 31, 1943.

The Board organized by the choice of E. W. Burt, M. D., as Chairman and Edward L. Macomber as Secretary.

Charles R. Wood was designated as Inspector of garbage collection and equipment.

Dr. E. W. Burt was appointed supervisor of the dental clinic and nursing service.

Edward L. Macomber was appointed Agent of the Board to receive reports of contagious diseases.

Mrs. Sybil L. Mercer was re-engaged as Community Nurse, and Miss Elizabeth A. Davis and Mrs. Grace DeAndrade as substitute nurses.

For Inspectors of Slaughtering, John C. Partington, John L. Duffany, and Edward S. Francis were re-appointed.

The following named persons were licensed as Funeral Directors:

Kenneth A. Potter, Jonathan Potter
and Henry W. Brightman.

Fifty (50) burial permits, thirty-four (34) milk licenses, thirteen (13) alcohol licenses, and thirteen (13) licenses for transportation of garbage were issued during the year.

The following diseases dangerous to the public health were reported:

German Measles 17, Lobar Pneumonia 1, Measles 36, Scarlet Fever 3, Pulmonary Tuberculosis 2, Chicken Pox 1, Dog Bite 6, Anterior Poliomyelitis 4, Diphtheria 1, Whooping Cough 6.

As Supervisor of the Dental Clinic, I offer the following report of the work done by the dental clinic by Dr. Frank Birtwistle, attending dentist.

E. W. BURT, M. D.

Board of Health,
Westport, Mass.
Gentlemen:

I herewith submit the following as a report of the nursing service for the year 1943:

Total No. of visits to:

Non-communicable	1180
Acute communicable	301
Crippled children	2
Tuberculosis	6
Social Service	511
Ante-Partum	24
Post-partum	58
Newborn	76
Infants over 1 month	60
Pre-school	71
School	32
Adult	260
Visits to Hospital Clinics	9
Patients not found	15
Cases not taken under care	3
	<hr/>
	2608
Consultations with Dr. E. W. Burt	279
Others	18
	<hr/>
	2905

The types of nursing service required during 1943 have changed little in character. Bedside nursing has increased for the acute communicable type of case as has the number of new born babies and mothers taken under care.

I have attended three of the nurses meetings held in this district and have gained valuable experience from the demonstrations held on the latest developments in the care and handling of patients suffering

from anterio-polio-myolitis commonly called infantile paralysis.

The T. A. T. clinic was held during May and June. Twelve children were able to complete the series of inoculations in spite of the epidemic of measles. This clinic is to be held each year and offers an opportunity for children over six months old to receive immunization treatment against diphtheria.

The proceeds of the Bristol County Annual Tuberculosis Seal Sale were applied in 1943 toward the cost of maintaining a mobile X-ray unit in the county. The value of such a unit has been well demonstrated throughout the State and Bristol County is anxious to carry on the work. Lack of personnel and equipment made it impractical to maintain the usual "summer camp" for 1943.

Respectfully submitted,

SYBIL L. MERCER, R. N.

As Supervisor of the Nursing Service, I present the following report of the nursing activities for the year:

E. W. BURT, M. D.

Board of Health,
Westport, Mass.
Gentlemen:

I herewith submit a report of the Dental Clinic for the year 1943:

No. of clinics	29
No. of children conveyed	228
No. of children treated	228
No. of fillings	137
No. of cleanings	144
No. of extractions	43
No. of children completed	144
<hr/>	
Total No. of operations	324

The number of children served and the amount of work done through the Clinic is well worth noting. These children receive treatment and advice at a time when it is needed and very often a referral to the parent of a minor condition will save the child more serious complications in later years.

Respectfully submitted,

(MRS.) SYBIL L. MERCER, R. N.

Respectfully submitted,

BOARD OF PUBLIC WELFARE

Regular meetings of the Board of Public Welfare have been held throughout the year on the first Saturday afternoon of each month, with such special meetings as were necessary. The members of the Board organized March 9, 1943, by appointing Samuel A. Boan as Chairman. Thelma McHugh and Jessica E. Cornell have continued to serve as Welfare Agent and Clerk-Typist, respectively.

The local administration of the various categories of assistance has been in conformity with rules, regulations, and policies established by the State Department of Public Welfare. In 1943, several chapters were passed by the Massachusetts Legislature relative to Public Welfare and the local Board is acting under the provisions of same. The State Standard Budget has been accepted by the local Board and is used as a basis for granting assistance.

BUREAU OF OLD AGE ASSISTANCE

The Bureau of Old Age Assistance organized on March 9, 1943, by appointing Roby C. Burt as Chairman. Thelma McHugh and Jessica E. Cornell have continued to serve as Welfare Agent and Clerk-Typist respectively.

The administration of Old Age Assistance has been in accordance with the changes invoked by the passage of Chapter 489, Acts of 1943. This legislation requires all boards to conform to an adequate, uniform standard of assistance to be paid in accordance with need against which all resources of an applicant must be applied. The contributions expected from the children of such Old Age Assistance recipients or applicants have been the major factors in determining the continued need for assistance and the amount of the grant by the local Board.

REPORT OF THE TRUSTEES OF THE FREE PUBLIC LIBRARY

The Trustees of the Free Public Library submit the following report for the year ending December 31, 1943:

The Board organized as follows:

Chairman	Nason R. Macomber
Secretary	Anne C. Gifford
Librarian	Dorothy M. Smith
Book Buyers	Barbara Erickson Anne C. Gifford

The Library hours have been subjected to some shifting about due to gas rationing and heat rationing. We have been forced to close the Library every other Saturday but it is still open for four hours each Saturday that we are there. During the summer months the hours were 2-6, during the winter they were 2:30-6:30. Notices were posted in the Library two weeks before any change.

As in the previous years no assistant Librarian was appointed as the Secretary of the Board volunteered to serve in that capacity when necessary or to find an assistant. The pay for such an assistant to be twenty-five cents an hour.

In spite of the restricted Library days and the gas shortage our circulation has kept up better than we had expected. We have as in the previous year allowed our patrons more books per card than when the Library was open each week. The Circulation is as follows:

Adults	1,028
Juvenile	435
Non-Fiction	82
Magazines	100
School	899

We still have some book deposits, the one at the Factory Junior High continues to hold the top rank with the children showing great interest in getting their book certificates which the State gives each year for reading a prescribed number of approved books.

This year our appropriation was spent in the following manner: Salaries of Librarian and Assistant Librarian, Books, and Magazines, details of which are shown in the financial report prepared by the Town Accountant.

The State Public Library is always generous in loaning us any book which we do not have and which some one of our patrons wish to get. Several people avail themselves of the privilege.

There are numerous leaflets and pamphlets in the magazine rack dealing with everything from gardens to clothes projects. These are sent by State and Federal Bureaus. There are several school and college catalogues on hand also. The following magazines are also there for your convenience and use:

National Geographics	Popular Mechanics
Good Housekeeping	Reader's Digest
Cosmopolitan	Dumb Animals
Life	Young Crusader

We wish to extend our thanks to all those who have been so loyal to us during this past year and we hope that we have made their year one of pleasant reading and that this coming year will be as pleasurable.

The following books have been added during the past year:

OUR TEACHERS

We now have five teachers on military leave of absence. In addition to the two recognized in the last report, Miss Lilianne Lussier is now an Ensign in the W. A. V. E. S., Mr. Thomas Hammond is an Ensign in the U. S. N. R., and Mr. Sydney Pierce is a private in the U. S. Army Air Corps.

Mr. Norman L. Gifford continues on leave of absence through June, 1944, and is with the War Manpower Commission.

Mrs. Grace Walker Connor and Mrs. Margaret Deane Wiggin resigned. Miss Glenda Taber resigned to accept a teaching position at Dartmouth.

To replace these losses, Miss Bessie Shay was transferred from the Factory School to the High School to teach English; Miss Mary P. Butler, a teacher at Sudbury High, came to the High School to teach English, French, and Latin; Miss Mary E. Allen, a teacher at Northboro High, came on January 3, 1944, to teach science and mathematics. The latter two are military substitutes.

Miss Ruth Hubbard, a native of Westport and a 1943 graduate of Hyannis Teachers College, was elected a military substitute and assigned to Miss Shay's position at the Factory School. Mrs. Hattie Michaud Norton, a former teacher in the Westport Schools. Mrs. Isabelle M. Sandberg, who had had several years' experience in the Boston Schools, and Mrs. Catherine Wood, a Fitchburg graduate with teaching experience at Dartmouth, were elected as substitutes in the elementary grades for the school year 1943-1944.

THE HIGH SCHOOL

Our school population is smaller than at this time last year, but for the past few months has remained constant. The numbers in the classes are correspondingly smaller but the number of classes is practically as usual, and it has been impossible thus far to change the number of teachers. Mr. Wood and myself are now the only men and it is impossible for us to do as much as normally for the boys. We are doing what we can to continue the regular program and also assist the boys in their efforts to fit themselves into the military service programs. Practically all of our boys who are physically qualified are going that way, and it is difficult to persuade boys who are real farmers that their greatest contribution might be to remain on the farms.

Eight boys graduated from High School last year. Two are in the Marine Corps and are now studying at college, with the possibility of becoming commissioned. One is a Navy Air Cadet at Williams College, and hopes to be a commissioned pilot. Another is in the Army Air Corps assigned to officer

pilot training. A fifth is in the Army studying Basic Engineering at the Carnegie Institute of Technology. The sixth is a rated member of the Navy Amphibious Forces. The seventh has just entered the Army. The eighth and last has tried to enlist in both the Navy and Coast Guard but has failed to meet the physical requirements. At present he is doing his bit as a member of the Temporary Reserve of the U. S. Coast Guard.

It is very evident that our High School today must assist boys in preparing themselves either for farming or the Armed Services, if it is to consider their needs and the need of the Nation. This we must do even if it requires the elimination of some of the traditional courses in the curriculum.

ELEMENTARY SUPERVISOR'S REPORT

"Our elementary schools are continuing to endeavor to carry out, primarily through the teaching of the basic skills, their part of the responsibility of preparing each pupil for his future intelligent participation as a United States citizen.

Four changes have occurred in our teaching personnel since June. We have been fortunate in being able to secure three experienced teachers to fill the positions of those who resigned. All of our teachers, in addition to carrying on their regular class room duties, have cooperated in the war activities which our schools have been called upon to assist in.

Elementary school population remains practically the same as the previous year, except at Greenwood Park School where there has been a decrease in number, starting in September.

The only change in the housing of our pupils is in the transfer of some third and fourth graders to the Head School. Ordinarily these pupils would be assigned to either the North Westport or Westport Point School. The extension of Mr. Greenwood's bus route to include a trip off Main Road to the Head School by way of Old County Road has made this change possible. Besides making it possible for these pupils to attend

a school nearer home, this change makes the third and fourth grade rooms in town more evenly populated.

The curriculum, in most instances, includes a program which is uniform in basic work in respect to subject matter presented, either through assigned text or prescribed course of study. The basic spelling program introduced last year is now used in grades two through eight. While all fields require constant study, the health, safety, nature, science and physical education programs are still carried on according to the plan and method of the individual teacher. No matter how complete and informative a course might be for each subject throughout our schools, we still would find a great variety in results, not only because of the difference in methods and abilities of individual teachers, but also because of the difference in sizes of classes and the quality of the individual members.

A change was made in the testing program which was administered last February. The Metropolitan Achievement Tests were given to pupils in grades pre-primary, one and two; the Iowa Every-Pupil Test of Basic Skills was used in grades three through eight. This year we plan to use the Metropolitan Tests through the third grade and start the Iowa Tests in the fourth, as the extra emphasis given to reading in the former makes it a more practicable test for third graders. The Iowa Tests are primarily intended as a check-up on knowledge of skills which the school is charged with providing, and are not merely a measure of the pupils' general knowledge which the school may or may not have been responsible for.

Promotions, during the past year, were based mainly upon teacher opinion. In a few cases the results of the standardized tests were used as a basis. No pupil was promoted on trial unless he had attended the class for so short a period of time that the teacher had not had sufficient opportunity to make a fair evaluation of his ability.

As always there are problems which face our schools. The matter of attendance is one of them. In very few instances has

our attendance reached the ninety per cent mark during the past months. While some absences are caused by illness, conditions brought about by the war are held as an excuse in many situations. If our schools are to operate during this war, to any degree of efficiency, we must cooperate in maintaining our attendance standards. Not only does continual absence prevent promotion and mean lost knowledge and interest for the individual pupil, but it also slows down the progress of the entire class. (Note: This applies with equal force to our High School pupils.—Earle).

How we may obtain more satisfactory academic results in the training of each pupil, as well as how we may produce a better disciplined pupil both morally and mentally, are problems which still persist in our schools."

OUR BUILDINGS

We were fortunate enough to have more funds available for repairs than has been true for the past few years. Although materials are not easily obtainable, we were able to put in new sills and posts at the Greenwood Portable, repair the side walls and paint inside and out. We hope that we can keep this building serviceable until the fighting ceases, but it has already served several times the reasonable life of this type of building. Painting and some shingling were done on other buildings. If we can continue this program and top out three or four chimneys this year, our buildings will be in a reasonable state of repair. Our steam boilers and circulating systems have been serviced and arrangements made for annual reconditioning at a nominal figure. The old hot air heating systems at the Head School remain a question mark. If this building is to continue as a school plant, a central steam system is imperative at the earliest possible date. We can only hope to be able to hold off until proper equipment at reasonable prices is again available.

THE BUDGET

The new State law increasing the minimum salary for a teacher to \$1,200 makes further adjustments in the salary schedule imperative, if we are to recognize experience as a desirable factor in the selection of teachers. The general shortage of teachers and the marked increase in the salary schedules of other communities are other reasons for recommending to our citizens their approval of your budget for 1944.

The continued cooperation of our citizens in general, and the Town Departments and School Committee in particular, is greatly appreciated by all School Department employees. We take this opportunity to thank you for the entire group.

Respectfully submitted,

MILTON E. EARLE.
