width of sixteen (16) feet, "Cape Cod Berms", and a three-foot wide packed shoulder on each side of the road, which pavement and foundation conform to the standards set herein for residential streets; OR

2. A gravelled road, with a minimum width of twenty (20) feet, with a required fifteen (15") inch to eighteen (18") inch gravel foundation conforming to the Commonwealth of Massachusetts Department of Public Works standard specifications for highway and bridges.

3. The Planning Board may approve, in its discretion, the use of creative turnarounds such as the "Hammerhead" or "Y-shaped" turnaround designs, within such secondary-road subdivisions. It is suggested that each leg of such a turnaround be not less than fifty (50) feet in length.

Secondary roads built under this By-Law may not be used to provide frontage or access, either for a further subdivision of land or for use on "approval not required" plans, if such use would result in the road's servicing more than four dwelling units.

The approval of such secondary roads by the Planning Board shall be contingent upon the voluntary execution, by the developer and binding upon his heirs, successors and assigns, of a covenant running to the Town that such secondary roads shall be presented to the Town for acceptance. Each such covenant
