must be done, and for this get coarse house flannel, which must be cut carefully and exactly to the size of the mattress. It takes several yards of flannel, as it must be very firm and hard, and when all pressed together should be quite an inch thick. These layers must be firmly sewed together, as the success of these pincushions entirely depends on their being firm and hard at top, at bottom and at the sides. Another necessity is the perfect regularity with which they are cut, the edges generally requiring to be sheared with very sharp scissors. It is possible to stuff the lining with horsehair or bran instead of flannel, in which case the covering must be made first; otherwise, sew the flannel into a case of cheap loose woven calico, through which the pins pass easily, using tape one inch wide for the sides.

Having completed this, the outer covering is a matter of taste, but plain materials are best. A good satin, silk or moire looks well, and indeed some of the finest flax linens of pale shades come out well when embroidered in white. A small design in one corner looks nice worked in silks, with gold and silver thread and a few beads or spangles if liked, but keep the embroidery to one color. There is no need to describe how to proceed, except that in putting the side pieces on they must be even, well stretched and tacked before oversewing with fine silk. These mattresses will take pins of every size at the side, with ordinary black and white at top, and the result when quite complete is well worth the trouble of their manufacture.

THE WIDOW AT THE LION.

I was a country youth, and raw,
When first I cast an eye on
The fairest sight I ever saw—
The widow at the Lion.

She dawned upon my astonished gaze
Like Hebe, sweetly smiling,
And charmed me in a hundred ways,
Each more and more beguiling.

Her lily hands brought nectar rare
Her own October brewing;
I' faith, before I was aware,
My heart was out a-wooing.

She spoke, and never nightingale
Sang sweeter to my thinking.
A subtler draft than nut brown ale
Was that I sat a-drinking.

A brimming cup of fancies fleet—
How bitter my awakening!
Yet every drop, I swear, was sweet,
And time has paid the reckoning.

Now let a man drink deep, or not,
He cannot long keep sober
Who mixes in his pewter pot
Young love and old October.

SENTIMENT DIVIDED.

Hawaiian People Desire
Queen's Restoration.

San Francisco, Sept. 21.—The steam-
ship Albatross arrived today from Au-
lani points via Honolulu. Advices
from the latter place under date of
Sept. 19 say that the congressional
commissioners are finishing their work,
and are about to leave for Washington on
Sept. 22.

The commissioners are now being deluged
with petitions and memorials
from native Hawaiians.

There is a sentiment of the natives appears
divided. One faction desires the
restoration of the queen, while the other
desires the new order of affairs and
certain rights under the new
government.

Some natives who favor restoration
met at a mass meeting on Sept. 12, and
presented a memorial which was pre-
sented to the commissioners. The mem-
orial alleges that the annexation
has failed and the joint resolu-
tion is ineffective because it was not
approved by the people of the Hawaiian
islands and the representative legisla-
ture.

The memorial concludes by asking
that the constitutional government of
the Hawaiian Islands, as created in
1896, be restored under the
protection of the United States of
America.

Some of the speakers at the mass
meeting were Robert W. Wilcox, the
former governor, who a few weeks ago,
after a long period of allegiance in order to
secure himself for a full pardon for
his part in the overthrow of the
monarchy.

Some of the United States flag
commissioners building he said:
"I want to say that the flag over
the Hawaiian Islands has not
yet come down again. It was
not that it came down. It will be
the annexation was carried
out by a handful of foreigners. If
you ask us, why were not the
Hawaiians on the commission? We
represented there. The next
time we will not be able to vote."

The faction of Hawaiians has
presented a memorial to the com-
missioners. The memorial asks for a ter-
ritory of territory with full
rights for the natives and permission
for appointments for ex-Queen
Princess Kaulalina, and
Princess Kapiolani.

FOUND FROM JORDAN.

Bodies Found at Vineyard
Identified.

Haven, Sept. 21.—The
bodies found on the island a few miles
west of West Chop were
identified by Coroner Leach this after-
noon.

One of the bodies was identified as M.
J. Gloucester, Mass., a pocket
book containing \$16, with the above
address written inside hav-
ing been found in the trousers pocket
and ticket from Boston to
Haven, enclosed in a leather case
and in the same pocket.

The body was apparently that
of a man, and had both arms tat-
toed in ink, with a picture of a
man in an American flag and several
other things. He wore a
dark striped overalls, a dark
blue cotton underwear, and
socks.

One of the bodies found at Edgartown was
identified as that of P. J. Kirby
of Boston.

for an eye-
death.
The identification that thoroughly
satisfied the police that they had at
last reached the solution of the mystery
was made this morning by a brother
of the murdered girl, and in speaking of
the matter Superintendent Birmingham
said:

"No further proof of the identification
should be required than a glance at
the brother's face. Every feature which
was prominent in the face of the dead
woman is duplicated in the features of
the brother."

Furthermore, Superintendent Birm-
ingham has all along maintained that
the dead body was that of a country
girl, and Miss Gill was born at Rey-
nolds Bridge, Conn., and has always
lived in the country.

She was 24 years old and had been
employed as a domestic in the family of
James H. Pratt, of Southington. It
was apparent that the arrival of the
brother was expected at police head-
quarters this morning, for when he
reached here accompanied by a com-
panion, he went at once to police head-
quarters, spoke to an officer in charge
and was immediately admitted to the
office of the chief, and then the entire
party proceeded to the morgue.

The similarity of the features of the
dead woman and the young man was
too striking to admit a doubt but that
the identification was at last made,
though before there was an attempt
to enter into the details the brother
said: "If you can show me a brown
mole on one side of the neck I will be-
lieve that it is my sister."

An examination was made, and for
the first time the mole was observed.

The young man then broke down,
completely and for nearly 15 minutes;
the officials left him alone with his
grief.

The party then returned to police
headquarters, when further informa-
tion was gleaned. The brother told how
his sister started on a vacation, which
she said was to be of two weeks and
was to be absent according to her
story at Lighthouse Point, New Ha-
ven.

At the end of the two weeks she re-
turned home but announced to Mr.
Pratt that she was ill and unable to
work and was going away again, but
wanted him to save her place. Her
parents she stated that her suitor
Walter Foster of Hartford, had a sister
living in Stratford, and that she had
invited her to go and spend a week
with them.

Mr. Gill stated that two letters were
received from his sister while she was
away and the first one stated that she
was not feeling well and could not re-
turn as soon as expected. It has also
been learned from the postmaster that
a letter addressed to Miss Emma Gill
has been in the Southington office, un-
called for, for more than a week.

After hearing the brother's story,
Superintendent Birmingham telephoned
to the Hartford police headquarters,
asking them to get from Foster, who
had been previously placed under ar-
rest, the names and addresses of rela-
tives in Stratford.

To the inquiry "Do you know that
Foster has ever been in Bridgeport?"
Superintendent Birmingham replied:
"Yes; he has been here at different
times, but I will say no more about
that, however, as it might cause some
people to leave town in a hurry, and
I will say no more."

In relation to the milldam at Adamsville
The Selectmen submit the following reports
We have visited the premises and have seen
Mer Church We find the traveled path over the dam needs immediate and thorough repairs
We have not been able to find any agreement which binds the proprietors of the mill to keep the Road over the dam in repair suitable for the public travel. Mer Church proposes now to widen the dam in the narrowest place and keep the road leading over the Dam in repair safe and convenient for the public travel provided the town will relieve him from highway tax except he is not willing to maintain a railing

His account shows that he has received from the sales of Real & personal property \$1041.09

His account shows that he has paid out to sundry persons payment in full of claims \$1298.06
And to the Town Treasury — 165.15
the same being a percentage of claims. 1463.21
and making a total of

We have no doubt but he has paid out the entire amount he has received and the only question perhaps for the town to consider is whether it can legally obtain its proportion with other creditors from the proceeds of the estate

Noted that the further consideration of the deficiency in the account of Nathan Wood as Guardian of Alexander Wood be indefinitely postponed

Noted that the following report made by the Selectmen be placed on the Town records

Westport. May 26-1866

Gentlemen

I deem it my duty as one of the select men of the town to make the following statement of facts as I understand them after a thorough & careful examination

I have received of J. Allen Treasurer of Finance Committee & Treasurer of the town for recruiting purposes at home & in Rebel States at sundry times commencing Dec-20-1863 & ending Jan 14th 1865 - \$12,116.

I have paid to and for 65 recruits & substitutes and in part payment of Albert & Triff's Commutation all of which have been credited to the Town's quota \$10,972.

I have paid to State Treasurer for recruiting in Rebel States

Making a total sum for the above purposes of \$12,097

I find from examination of the Town Records that the Town voted to raise by tax to reimburse sundry individuals at the annual meeting in 1864 \$2260.00

The town voted to raise by loan a sum sufficient to pay 63 recruits at \$25 each amounting to the sum of \$1575.00

The town voted to raise by tax at a special meeting in May 1865 to reimburse \$3097.00

The same being the total sum expended by the selectmen \$3252.00

Above the \$125 - per man See their report

made April 27th 1865 - ^{To the above sum add the amount paid into the State Treasury - \$1125.}
and you have the total amount raised or paid by the town - viz - \$14357.

The town should only have raised a sum sufficient to supply the deficiency between \$3097 - & \$2260 - viz - \$837

The balance \$2260 should have been paid or reimbursed by the [redacted] finance committee

There is therefore a deficiency corresponding to this amount which must be paid into the Treasury

Do you ask how this mistake occurred I can only say that same mistake was made by the town in making appropriations for expenses incurred in raising the towns quota

The mistake was a singular one but I believe it was a mistake

Our report was submitted to a special committee and afterwards considered in open town meeting

Do you ask why I did not discover it I answered that I had not examined the Treasures books or the Town record that it was not my duty until I became convinced that something was wrong Since that time I have devoted careful examination to it It has been my duty to attend to the recruiting and to keep that account correct and with all the difficulties attending this task I submit

it has been quite enough for me and my associates to attend to, & I think I may reasonably ask you why you did not discover it before. The deficiency ought & shall be restored to the treasury at an early day.

In order to relieve the minds of all present or absent who are or may be interested in this matter relative to the selectmen or of myself allow me to state for your information that I have never had any funds in my possession which belonged to the town or to individuals which had not been already expended. In two instances the selectmen have given their own note to the bank for \$15.00 in each instance in anticipation of funds not yet collected and I may further say that there has been no time since Dec- 1863 in fact since June 1863 that I have not had some funds invested for the benefit of the town for recruiting purposes up to the present time which fact I am ready to demonstrate by vouchers & figures - I hold in my hand a final report which I propose to submit. And I shall ask for a committee to examine it all of which is respectfully submitted.

Town Clerk

Agreeable to adjournment the inhabitants legal Voters of the Town of Westport assembled at the Town house and the following votes were passed and reports accepted

Voted to grant and raise the sum of Fifty Hundred dollars for the repairs of highways & bridges the ensuing year to be assessed in the following manner viz-

That said sum be assessed upon the hollos Estates of the inhabitants and non resident Proprietors of the town as soon as may be and deliver lists thereof with the persons names and the sums they are assessed to each Surveyor And that fifteen cents per hour be allowed for a man And Twenty cents per hour for a yoke of Oxen -

School Committee Report.

At the Town Meeting held in this place on the first instant the 10th article in the warrant for the meeting was referred to the School Committee with instructions to report thereon

In compliance with the above we present the following

1st We would call your attention to section 2 Chapter 38 of the General Statute
2^d Section 14 Chapter 38
3^d Section 1 Chapter 142 of the Acts of 1866

- 4th Section 2 Chapter 208 of the acts of 1866
 You will learn from the above that in failing
 to comply with the laws of the Commonwealth
 1st You are liable to a heavy fine
 2^d You thereby lose your share of the State School
 fund which last year amounted to a little over
 One Hundred & Seventy dollars which we think
 will amount to a far greater sum the present
 year sufficient to support a High school
 provided it could be established in some
 district (which the town might designate)
 in connection with the public school -
 3^d You fail to have a public high school in
 your midst which would better qualify your
 children to teach your public schools and
 to perform other duties of life which they may
 be called upon to fulfill

As the school year is so far advanced and the
 districts supplied with teachers it will be impossible
 to use any of the public school houses for this
 purpose even if you should desire it

Respectfully submitted A. Franklin Howland
 Charles F. Sherman
