Resolution.

Resolve: That we, the people of Westport, assembled here in Town Meeting on this first day of April in the year of our Lord One Thousand Nine Hundred and Eleven that a change be made in our Town Report so that we can more easily understand our Report so far as pertaining to our Town Officers' and Committees' salaries that we may know just what each and every one of them receives from the Town Clerk down the line to the very smallest office holder in the

Town, also days and dates said labor was performed on and in no case shall he receive extra compensation on any given day, and he shall render an account to our Auditors and the number of days shall be published in our Report and in no case shall his salaries be mixed with other labors outside of Town Officers. This shall not apply to our Treasurer and Tax Collector as he is paid a percentage for his salary, but his salary shall also be inserted, the amount of his salary. Hoping this shall meet the views of the greatest number of our citizens of the Town and thinking that it can be published on less than six pages of our Town Report at no extra cost, providing the intent and views of this resolution is carried out, because "Where there's a will, there's a way." Of course, it is not the intention of this resolution to have every five and ten cent piece accounted for from other departments. This is simply for Town Officers' and Committees' salaries.

While we do not think this will end all of our troubles we do think it will help to remedy some of our unnecessary evils and in justice to our Town Officers in showing to our citizens just what each and every one of them receives from the Town each year and hoping it will not require so much extraordinary intelligence to understand our famous Report. If we do not adopt this resolution let us do the very best that is in us.

Report.

Agreeable to a vote of the Town passed March 16, 1912 requesting the Board of Selectmen to consider Article sixth of the warrant and to report at the adjournment of the meeting:

The board submit the following report.

The board requested all persons interested in a new school house at or near North Westport to meet them in Duffany's Hall on Tuesday March 26 at 2 o'clock P.M.; about fifteen persons responded to the request when the matter was talked over freely.

First we considered location, only one lot was offered for sale this is situated on the North side of the Old Bedford road near Macomber's Corner and belongs to John P. Bodge of Fall River, which he will sell for \$10.00 per rod. This lot has a frontage of about 8 rods on the street and contains about $\frac{3}{4}$ of an acre.

To make this lot suitable for a school building it will be necessary to grade the same which in our opinion will cost about \$1,000.00.

There are other lots suitable for the purpose, one on the North West Corner at Macomber's Corner, one on the Sanford road belonging to John F. Croseman, also one on Sanford road belonging to Charles Duffany. These lots however are not for sale. It was the sense of the meeting that the Bodge lot be bought for the purpose. It was also the sense of the meeting that the building should consist of four (4) rooms.

As to the number of children that would be accommodated in a

four room building the Secretary of the School board thought that by closing the North Westport, Gifford road and Sanford road schools that there would be about 100 pupils to attend the new school at North Westport.

This however would call for the transportation of some of the children.
