GENERAL LAWS, CHAPTER 59

[EXTRACT.]

BOOKS, LISTS, TABLES AND RETURNS OF ASSESSORS.

SECTION 43. The assessors shall make, on the books furnished under section forty-five, a list of the valuation and the assessment thereon, in the following manner: In separate columns the valuation of the stock in trade of each person, the number and value of his live stock and the valuation of machinery used in manufacture. In another column, marked "All other ratable estate", the aggregate valuation of all the other personal estate shall be entered. The total amount of the taxable personal property shall be shown, but without other detail or specification than is provided herein. Before the taxes are committed for collection they shall deposit the books, or an attested copy thereof, in their office or, if there is no office, with their chairman, for public inspection.

SECTION 44. The list shall exhibit the valuation and assessment of the polls and estates of the inhabitants assessed; and the valuation and assessment of the estates of non-resident owners, and shall contain the names of the non-resident owners of the property assessed, or such description of them as can be given, their places of abode, if known, the description of their estate, the true value of such estate, and the tax thereon.

SECTION 45. The commissioner shall provide each city and town, on or before April first annually, suitable books for the use of the assessors in the assessment of taxes, which shall contain blank columns, with uniform headings for a valuation list, and blank tables for aggregates, in the following form; provided, that in lieu of the valuation list provided for in this section and the preceding two sections, the assessors of any city may, with the assent of the commissioner, prepare a valuation list upon books furnished by the city and in such form as the commissioner shall approve, and that, for the separate listing of poll taxes under section four of chapter sixty, such portion of the books furnished by the commissioner as he shall determine may contain only the first three columns of said form.
