Dear Michael Burris,

Pare Corporation has the following question about the above referenced RFP.

1. Please clarify if the PDF file of the proposal materials should be included as a USB flash drive or sent through email. **Either means is acceptable, but sending through e-mail is preferred.**
2. Please clarify if the Town wants the price proposal to be included as a pdf as well. If so, can it be included separately from the technical proposal. **The price proposal should be included as a .pdf along with the proposal. It can be submitted as its own document or combined with the technical proposal. Either way is acceptable.**
