

Village Way

Westport Village Condominiums

09/04/13

DECISION: The proposed change was to certain condo unit deck area additions/modifications. After hearing a presentation by Attorney Katherine A. Zorabedian and careful review of the proposed amendment with exhibits, the Board voted unanimously to find that the Amendment was an insubstantial change to the Comprehensive Permit; and noted that the nature and location of the departure is of no discernible consequence to any off-site party including the Town. A determination of no significant impact related to the amendment proposed for the changes at Westport Village Condominiums was made.
