must be a minimum of 40 feet in width, provided that the Board of Selectmen shall appoint an Appeals Board to review and make decision, with reference to acceptance of all roads, ways, and streets that are less than 40 ft. width and have been in use as a public thoroughfare for a period of five years or more.

Article 22. Voted: (Unanimously) to authorize the Selectmen to convey a parcel of land on the east side of Drift Road to Sarah Delano in exchange for land to be conveyed by her in exchange therefor.

At this time the following Resolution was presented to the meeting by Mr. George H. Young:

RESOLUTION

WHEREAS the inhabitants of the Town of Westport are vitally interested in and concerned with the proposed location of Route 95E at the Narrows and the interchanges, exits and entrances incident thereto affecting the public convenience of its inhabitants; and,

WHEREAS the proposed layout recommended by the consulting engineering firm of Hayden, Harding and Buchanan to the Commissioner of Public Works for the Commonwealth provides for location of said route through the Narrows entering Westport which,

- 1) required the construction of a new Route 6 from the Narrows to a proposed interchange near the Kerr Thread Mill property intersecting an extension of Eastern Ave. in Fall River; and
- 2) makes Pleasant Street in Fall River a dead end street; and
- 3) makes County Street in Fall River a dead end street; and
- 4) provides neither exit nor entrance from or to route 6 at the Narrows, either as now laid out or as it is proposed to be constructed; and

WHEREAS such proposal is deemed by us to be grossly inadequate for the public convenience of our inhabitants and a serious threat to the economy of the areas on the east and west sides of the Narrows, both in Westport and Fall River; and

Whereas such proposal would seriously impair, if not completely destroy substantial investments and values in the Town of Westport in the Route 6 area within the town, as well as future development of this area dependent upon free and easy exit from and access to the proposed Route 95E at or near the Narrows:

Now Therefore be it resolved that this Annual Town Meeting of the Town of Westport, held in the High School Auditorium on Tuesday evening, March 17, 1959, go on record as being unalterably opposed to such proposal and that we further go on record as recommending to the engineering firm of Hayden, Harding and Buchanan, and to the Department of Public Works, the adoption of the alternate proposal, or some modification thereof, sponsored by John M. Arruda, Mayor of the City of Fall River, as set forth in the attached letter dated March 4, 1959 and providing for an interchange to be

located in the Sanford Road area of Westport, furnishing access and exit between the said Route 95E and the present Route 6, and allowing the present Route 6 to continue through the Narrows to connect with the Flint section of Fall River.

And that copies of this resolution be mailed by certified mail, by the Town Clerk, to the engineering firm of Hayden, Harding and Buchanan, the State Commissioner of Public Works, and the Mayor of Fall River, attested by the Town Clerk with a certificate attached thereto or endorsed thereon certifying the vote of this meeting with reference to the foregoing matters.
